Powercord C 13

Mains cable with safety plug and iec cord connector

OehlbachH® universal mains cable with IEC cord connector that uses highly pure oxygen-free copper (OFC) as the inner conductor. Many different types of electrical and multimedia devices may be connected to the mains with this reliable cable. This cable – which is optionally available either in black or white and in lengths ranging from 1.5 m to 5.0 m – will also connect your end device to the mains. The moulded plugs and the 24-carat goldplated contacts guarantee long life spans and outstanding contact reliability.
